
ADDENBROOKE'S CHARITABLE TRUST PARTNERS WITH CAMBRIDGE ART FAIR

Bringing excellence to the city

We are very pleased to announce that ACT- Addenbrooke's Charitable Trust, is the official charity partner for Cambridge Art Fair 2016.

ACT is the only registered charity dedicated to supporting innovation in patient care across Cambridge University Hospitals NHS Foundation Trust, which runs Addenbrooke's and the Rosie hospitals.

The hospitals have earned the reputation of being among the world's best academic healthcare organisations, and ACT's aim is to support those achievements by raising funds for cutting edge technology, additional specialist staff, environmental enhancements and extra comforts for patients that make all the difference over and above what is possible with NHS funding alone.

Deputy Director of Fundraising, Samantha Sherratt, considers this partnership to be an important one. ***"We are delighted to be the charity partner for the 2016 Cambridge ArtFair; particularly as this year marks the hospital's 250th anniversary. It is such a special year for us."***

"Although only in it's 4th year, the Cambridge Art Fair has quickly become a Cambridge institution. While Addenbrookes is clearly much older, we share some of the same ideals- to bring excellence to the city for the benefit of not only local residents but those further afield too."

Craig Kerrecoe, Managing Director of Red Dot Events Limited, the organisers of Cambridge Art Fair, agrees. ***"We are very pleased to be able to support this impressive and incredibly vital charity. Samantha and the team at ACT do such an important job providing funding for early-stage research projects. This funding often leads to more ambitious research opportunities and can be essential in identifying new cures and advances in treatment."***

The fourth edition of the Cambridge Art Fair, proudly sponsored by Elms Cambridge BMW, will be held from 30th September to 2nd October at the Guildhall in Cambridge. The ticket-only Private View will take place on Thursday 29th September.

Cambridge Art Fair launched in 2013 and has become an established part of the international art fair calendar in the four years since it's creation. The fair brings a fantastic selection of respected UK and international art galleries and dealers to the Guildhall in the heart of Cambridge city centre.

This year we are pleased to be able to bring highly collectible modern art from the 20th century by Modern Masters, as well as contemporary art by some of today's leading international artists at a range of surprisingly affordable prices. Artists from the all over the UK will feature, as will artists from all over Europe and beyond.

The combined knowledge and experience of the galleries and dealers participating will ensure that you are able to find the perfect piece of art to suit you, your home and your pocket! And you can rest assured that all of the art available has been selected for its quality and provenance. The Cambridge Art Fair is the perfect place to shop for original works of art whether you are a new buyer or a seasoned collector.

Perhaps you need to source a large, contemporary sculpture for your office reception, a series of classic modern art prints for your conference room or perhaps a beautiful landscape painting for your home. Whatever your requirements, you'll find expert guidance and advice at Cambridge Art Fair.

One of the most famous and prestigious cities in the world, Cambridge is an extremely popular tourism destination, as well as a great shopping destination and a world-renowned centre for learning.

Cambridge Art Fair takes place in the impressive Guildhall building at the very heart of the city centre, surrounded by the buzz from the Market Square and the main shopping area and just a few steps away from many of the most famous university buildings in the world.
